## \$75,000 TO BE PAID FOR 41,000 TREES

### BIG DEAL IN EASTERN KENTUCKY WHEREBY OAK WILL BE MADE INTO BARREL STAVES.

One of the largest timber deals made in Eastern Kentucky in years, the purchase of 41,000 trees in waters of Shely creek, Pike and Letcher county, for about \$75,000 by the W. J. Fell Company, of Ashland, is announced by Vice President John W. Kitchen.

The trees, all oak, will be manufactured into barrel staves, in the mountains, and shipped to the Fell Company's plant at Ashland to be finished ready for shipment.

The big block of timber was secured by the Fell Company from F. C. Mechling, trustee of Pike-co. It will be cut up by the Fell saw mills, which are scattered through the mountains of Eastern Kentucky and Southern Virginia. Work on the cutting starts at once.

Speaking of the lumber market, Mr. Kitchen declared that while the demand for the general grades is poor, the barrel stave business has been considerably stimulated by the European war.

Mr. Kitchen said his company is selling all staves to oil companies which are shipping oil to the allies in wood.

The lumber man pointed out that tank steamers in which oil is usually shipped cost several million dollars and for this reason the shippers fear to risk them on the seas because of torpedoes of Germany. By putting the oil in barrels it can be placed on cheap vessels, which if shipped, are not such a loss at the steel tank steamers.

The Fell plants are turning out 100,000 staves a day, according to Mr. Kitchen, and even at this tremendous rate of output are scarcely able to supply the oil companies' demand.

The timber shipping rates have increased from 300 to 460 per cent since the war started, according to Mr. Kitchen. He declared that the prohibitive rate has almost abolished exporting, thus ruining the lumber business.

There is considerable demand for railroad ties from abroad.

### TWO SPENCERIAN EVENTS.

Last Thursday afternoon and evening were very pleasantly devoted by many society people of Louisa to the enjoyment of two autumn and festive events. One was the Flinch party given to 16 lovers of the pleasant and innocent game. The handsome interior of the elegant home of Mrs. D. C. Spencer was bright with flowers and gay with the presence of handsomely gowned women. The nine or ten games were warmly contested, and at the finish coffee, cream, and cake of delicious flavor were deftly served by the hospitable hostess, assisted by her daughters, Mrs. Ethel Cain and Opal Spencer. "We've had a perfectly lovely time" was the expression of every guest as she said good by to her host.

Two or three hours later the same spacious apartments were gay with the presence of thirty or more of Miss Opal's girl and young men friends. On this occasion the Flinch cards were relegated to the shelf and Five Hundred and Rook furnished the cheerful crowd with its pastime. These games were played until the cards gave way to something good to eat was coming. The token did not fail. Better ice cream, coffee and cake are not often served and better appetites were never found. In all particulars Miss Opal's party was a happy success.

### DR. ALEX. PARSONS SLAIN.

Dr. Alex. M. Parsons, age 48, who formerly resided in Cattlettsburg, was shot and instantly killed Sunday evening at Branchland, W. Va., by an unknown assailant after he had shot and mortally wounded J. W. Breils, age 52, a prominent farmer of Branchland.

The double tragedy occurred, it is believed, over a doctor bill which Breils is alleged to have owed Parsons and refused to pay.

Daner Colgrave, 18, has been arrested in connection with the murder and the authorities are looking for Noah Breils, 20, son of the man who Dr. Parsons shot.

### PAINTSVILLE JUDGE TO TRY TAYLOR MURDER CASE.

Somerset, Ky., Oct. 1.—Gov. McCreary has designated Judge A. J. Kirk of Paintsville, to try the case of Frank Taylor, charged with the murder of a farmer in the Bourbon District of this county following a political argument last August. Taylor at the time of the murder was speaking in behalf of the re-election of Judge B. F. Bethurman, of this city. Judge Bethurman was present at the time of the killing and consequently was not eligible to sit in the trial.

Mrs. J. E. Baham delightfully entertained with a miscellaneous shower in honor of her sister-in-law, Mrs. Charles M. Scott. The rooms were effectively decorated for this occasion in fall flowers. Five Hundred was the chief diversion of the afternoon. After a delicious luncheon at five o'clock the guests proceeded to another room in which a clothes line was strung and on it were pinned many beautiful gifts for the bride.

Born in Williamson, W. Va., recently to Dr. and Mrs. George Conley, a son—Patrick Henry.

### FATAL SHOOTING AT MATEWAN.

Tom Chafin died Monday in the Miners hospital at Welch from pistol wounds sustained at the hands of Flemon Muncey. It is stated that there were no eye witnesses to the shooting although a number of people were in the neighborhood, the scene being the West Virginian side of the bridge leading to R. W. Buskirk's booze joint opposite Matewan.

Chafin was struck three times, two of the balls penetrating his intestines, the other passing through the liver. Dr. Wm. H. Trippett rendered medical attention and also accompanied the wounded man to the hospital, assisting later in the operation which was performed in the hope that the young man's life might be saved.

Before the operation was attempted Chafin's dying declaration was taken and it is stated it tends to establish against his slayer a strong case of unwarranted murder. The dying boy declared that some weeks before he and Muncey had a difficulty in Kentucky but that they had met later and apparently had made friends.

On Sunday night, shortly before 12 o'clock, Chafin states that Muncey came up to him near the bridge and said, "You had the advantage over in Kentucky but it is my turn now." With this Muncey fired. Chafin claims that he attempted to run.

Muncey made no attempt to escape but proceeded to Matewan where he found A. D. Hatfield and gave himself up. He was brought to jail here and so far no effort has been made to secure bail for him.—Mingo Republican.

### INJURED IN A MINE ACCIDENT NEAR PAINTSVILLE.

Two victims of a mine accident at Stambaugh, near Paintsville, George Burchett and Willard Akers, coal miners, were taken to the Kellers hospital, Ironton, last night. Both had suffered compound fractures of the right and left legs, and were in a serious condition. Burchett's injury is especially serious, and it is feared that amputation will be necessary, although everything possible will be done to save the limb, it was announced at the hospital.

The young men were brought to Ashland on the C. & O. train and were met there by ambulances and taken to Ironton. They were accompanied by Dr. Harry Stamlough, who resides near the scene of the mine accident, which occurred Thursday afternoon.—Independent.

### TO GREET REV. AND MRS. KEITH.

The reception given by the Misionary Society of the M. E. Church, South in their Sunday school room on Friday evening was a brilliant success, notwithstanding the inclemency of the weather.—Manufacturers Record.

This beautiful affair was in honor of the Rev. and Mrs. B. M. Keith, who recently took up their new abode in our city, the Rev. Keith having the pastorate of the M. E. Church, South.

The Sunday school room which was thrown open to the guests on this occasion lent an attractive appearance with its decorations of goldenrod and autumn flowers placed in conspicuous places.

The receiving line constituted Mrs. W. B. Evans, Miss Lillian Eastham, Mrs. Harry G. Marcus, Mrs. Keith and the Rev. Keith.

During the course of the evening a musical program was very ably rendered by the church, talent proved one of the enjoyable features as also the delightful refreshment course of ice cream and cake.

Rev. and Mrs. Keith are a lovely couple and their presence among us will be a great uplift to both our church and our community.—Ashland Independent.

## EASTERN KENTUCKY AWARDS ROAD CONTRACTS

### ROAD CONSTRUCTION BEGUN IN MOUNTAIN SECTION OF THIS STATE.

Whitesburg, Ky., Sept. 25.—The real beginning of a good roads campaign was launched here yesterday, when the Letcher Fiscal Court let contracts for several miles of good roads leading out from this city in several directions. J. J. Brady, a contractor of Jackson, Ala., was awarded the contract on a mile and a half leading from Whitesburg toward mouth of Colly creek, which is to be built by State aid, this being the first piece of road in which the State appropriated aid to be built in the Eastern Kentucky coal fields. This aid came about through the persistent efforts of County Judge Henry T. Day and the members of the Fiscal Court, who prevailed upon the State Department to start the work in the new Kentucky coal fields. Owing to the large increase in population and the extensive development work under way the development of the vast coal and timber wealth, they insisted, made it the more imperative that this section receive State aid.

This will be the beginning of a great amount of road building to be done by the State throughout this rapidly-developing section, as a number of counties, including Perry, Knott, Pike, Harlan, Leslie, Breathitt, Lee and Powell, are likely to vote bonds necessary to get this aid from the State.

The Letcher Fiscal Court here yesterday also awarded contracts to Nat Hale of Colson, Ky., for the construction of a good-sized stretch of model roadway in the vicinity of Kona Station on the Louisville & Nashville Railroad above here, forming a connection with the five-mile section recently built between Mayking and Kona. The work on all the road-building in the county is to start of immediately, so as to gain as much headway as possible before the advent of bad weather.

Eastern Kentucky, including Bell, Knox, Whitley and Laurel, which have already voted bonds, will spend several million dollars in good-road building within the next few months, the work in these counties having already gained much headway. Other counties are falling into line with the work others with the enthusiasm and determination that is sure to result in a system of good roadways for the near future.—Ashland Independent.

### A VAN LEAR INCIDENT.

A Pollock from Van Lear, applied to Judge Kennedy last evening for a warrant for the arrest of Mrs. Frank Morinsky and Tom Morinsky, claiming that they had left Van Lear while his friend, the woman's husband, was busy at work in a coal mine, and that the woman had checked \$200 out of the bank where her husband had deposited it.

The accused and the woman's young child were in the court room at the time the request was made. Both denied any wrong doing, and claimed that the young man was enroute to Cleveland and the woman to her home in Pennsylvania.

The woman, who was unusually pretty and attractive, did not deny leaving her husband, but claimed the money she had taken had been made by her keeping boarders. She said she had left her husband because he was cruel to her, and that they had divided the children, she taking one and he the other.

Judge Kennedy held that he had no jurisdiction in the case and advised the complainant to permit the couple to go their way in peace and to watch for developments.—Ashland Independent.

### SHOOTING AFFRAY AT WHITEHOUSE.

On last Thursday afternoon, Coon Layne, a merchant at Whitehouse, shot and wounded Green Bartram of Martin-co. The trouble originated in the store of Mr. Layne with no one present except Layne and Bartram.

Judge Kennedy held that he had no jurisdiction in the case and advised the complainant to permit the couple to go their way in peace and to watch for developments.—Ashland Independent.

The interior decorations consisted of cream and Nabisco, both delicious.

### HEAD IS HELD IN OKLAHOMA.

Ashland, Ky., Oct. 4.—Sheriff Geiger received a telegram to-day from Oklahoma City, Okla., stating that Ben Head, brother of J. S. Head, Jr., former cashier of the defunct Citizens' Bank, of Ashland, is under arrest there and will be held pending further word from the authorities here.

It was recently suggested in the Norfolk & Western district that he become a candidate for governor. The other alternative is much more likely, Mr. Marcus said. He is known as one leading criminal lawyers of the state and is a forceful prosecutor.—Herald-Dispatch.

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: “I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.”

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

## TAKE “CASCARETS” IF HEADACHY, BILIOUS AND CONSTIPATED

BEST FOR LIVER AND BOWELS, BAD BREATH, BAD COLDS, SOUR STOMACH.

Get 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the intestines, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

For Representative from Boyd and Lawrence counties, A. J. Scott.

For Circuit Judge, M. M. Redwine.

For Commonwealth's Attorney, John M. Waugh.

TO THE VOTERS OF  
LAWRENCE COUNTY.

Since talking with quite a number of my friends and acquaintances of considerable influence, and believing that I have a good chance to win, I have decided to make the race for Sheriff in 1917. I have never asked for any office before and if the Republican party will assist me in becoming the nominee in the primary I will assure them of victory in the final race. Earnestly and sincerely asking the support of our party, I beg to remain respectfully yours,

9-17-31. H. B. MUNCY.

A. O. Stanley, in an address at Warsaw, replied to attacks on Gov. McCreary and flayed those who have sought to besmirch his record.

Judge Redwine and John M. Waugh are officials of experience and ability and they will be re-elected by at least the normal majority of the district.

Even though the Democrats may feel confident of success all along the line on November 2nd they should turn out in full force. Over-confidence is a very dangerous condition.

Champ Clark declares that the people have absolute confidence in President Wilson, and that they will not drop the pilot of the ship of State in mid-ocean.

When Emmett Logan, formerly of the Louisville Times quit newspaper work and went to his farm he wanted a cook. This is what he advertised for—and got: "Wanted—An ole nigger cook for a farm. No milkin'. No washin'. Nothin' but cookin', eatin' and sleepin'."

Next year President Wilson's name will head the national ticket again and Kentucky must be given the position to give him a large majority. The result in the State election this year will have an important bearing on what happens then. Democrats should remember this fact as an additional reason for turning out in full force at the election next month.

## How Do You Buy Roofing?

If you are in the habit of asking your dealer simply for some "Ready" Roofing or "Rubber" Roofing, you will probably get a roofing that is not guaranteed, or one made by an unknown manufacturer, or one which will begin to leak a few years after it is put on your roof. You avoid all these risks, save money in the long run, and get a manufacturer's guarantee of 5, 10 or 15 years, according to thickness, backed by the best responsibility when you insist on

Certain-teed  
Roofing

Why be satisfied with an unknown or poor quality roofing when you get Certain-teed? For a few cents more per square? By reason of the enormous out-put of our big mills—the largest Roofing and Building Paper industry in the world, we can sell this guaranteed Roofing through our dealers on a reasonable price basis.

LETCHER COUNTY  
AND WHITESBURG

WHITESBURG, KY., Oct. 5.—The Letcher Quarterly court convened Tuesday with County Judge Henry T. Day presiding, at a very important term during which several interesting cases will be tried out. The court will be in session the remainder of the week.

Judge John F. Butler will open tomorrow his speaking tour of Letcher county in which he will speak in each of the eight voting precincts of the county. Owing to the fact that Attorney David Hays his democratic opponent of this county was compelled to be in Frankfort he could not accept his invitation to divide time with him.

A goodly number of Letcher county people will hear the Hon. A. O. Stanley democratic nominee for Governor speak in Hindman and Hazard Wednesday and Thursday. It is with much regret that Mr. Stanley could not cover Whitesburg in his campaign in Eastern Kentucky.

Ed Taylor, who was thought to be fatally stabbed during a drunken row at Neon in this county last week by a man named Banks from Morgan county is said to be doing nicely. A gash five inches or more in length was cut across his body, to the hollow, injuring his lungs, according to physicians that dressed his wounds. It is believed now that Taylor will recover.

There is continued improvement in the coal mining business over the whole of the Elkhorn field. Considerably more coal is now going down the L. & N. than ever before in the history of the development of this section. It is said the railroad people are now handling over 500 cars a day on the new L. & N. extension between Jackson and McRoberts, two-thirds of which is going out from the Letcher county field. Perry county comes in with a good slice of the tonnage. And still the half has not been told.

It is now said to be practically certain that the L. & N. people will build the much-talked of branch road up Colly creek an important coal and timber section immediately above this city. It is given out that a contract will be awarded within the next 30 days for the construction of the very important branch. Engineers for the past sixty days have been locating the road.

Some rich properties of The Mineral Development Co., The Consolidation Coal Co. and other corporations will be reached by the new branch.

The Coeburn Lumber Co., of which L. F. and Henry Jackson are managers at Mayking in this county have just closed deals on a good sized timber boundary on Sandlick, a few miles from this city and will begin immediately its development. The company's Mayking mill will be moved onto the property. Sam H. Hart of Colly will have charge of the new work at Sandlick.

Whitesburg is starting the work of improvement in dead earnest, building sidewalks, grading streets, etc. At this time sidewalks are being laid down from the First National Bank building along the east side of main street to the M. E. Church building. Other sidewalks besides street improvement are to follow. Whitesburg is keeping abreast of the times, the industrial development of the vast resources of the county. The town will also soon boast of a magnificent new high and graded school building on College Hill, east end, as work is now being rushed rapidly forward by Franklin & Brown, the contractors. Within sixty days the outside brick work will be completed with the inside finishing touches to follow which can be carried on without interference during the wintry weather.

A large number of Letcher county witnesses, attorney's and others left here for Frankfort where they will appear for The Mineral Development Co. against The Kentucky Coal Lands Co. of New York.

The litigation covers something over 2000 acres of rich coal and timber lands lying along Line Fork creek in the southern end of the county, now very valuable, valued at several million dollars. The suit has been pending for some time, considerable money having already been spent in the suit.

Several cases of diphtheria prevail in different sections of the county. Two or three deaths have occurred so far. It is feared that a general spread will result.

Farmers in Letcher county complain of their corn being blown down in the heavy winds which prevailed Friday night of last week. In some sections whole fields were leveled. Other damage reported from different sections, also.

Dear Sandy News:

As you have always stood for the upbuilding of our beloved county, and have always been a warm friend and supporter of the church and Sunday school, I thought I would write a report of the Children's Day exercises at Baker Sunday.

The people of Baker have long been known for their hospitality, deeds of charity and the Christian brotherhood that permeates the whole neighborhood.

No person present, it matters not how pessimistic, could fail to see the

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

### BIG SANDY NEWS.

#### GLENWOOD.

The Lawrence county fair has come and gone and we want to commence fixing for the 1916 fair. When we see the great assemblage of people that has come to take part in our county fair and find us without any place to show our live stock, not a place to show a saddle horse, no wonder the Fair Association has begun to take steps to prepare a place to hold the next fair. There is no reason why Lawrence county should not be in line with the other counties of the State. I think as good people live in Lawrence county as live anywhere and why not take hold of the opportunity that we just now have. I can see the interest is growing. Less than three years ago I commenced to talk pure bred cattle to the people in this county, not only that but bought a herd of breeding stock. Look at the good herds of cattle that are being started in the county and we are shipping them and sending them to all parts of the country and to different counties in the State. I have just shipped one fine male calf to Judge John Ford, of Regina, Pike county, Ky. Also sold to Philip Preese one in Lawrence county, and G. B. Belcher sold Milton McDowell of Johnson county one calf, so we are expecting the cattle of our county to be greatly improved in a few years. Cattle breeding and raising is the greatest industry in the county, then why not have good ones. Commence right now to raise something for the 1916 fair. A few good sheep is a good thing on a farm. They will clean the weeds off of land and give you wool in return besides the increase.

When we get better live stock, better roads, more grass, then our country will be more inviting to men hunting homes and our young men that are being sent out to battle with the world will want to stay on the farm, so let all hands roll a wheel.

### FELL FROM BRIDGE.

Elsin Estep, a boy from Beaver creek, while crossing a railway bridge at Shelby last Friday with his brother on their way to Jenkins fell from the bridge and fractured the collar bone and received other painful injuries.

The bridge has a foot path at the side of the tracks, but Estep was walking on the opposite side. He made a mis-step and stubbed his toe, which precipitated him to the rock bar 60 feet below. He is yet in a critical condition.

### TWO DROWN WHILE RUNNING TIMBER.

A report says Jasper Williams, about 60 years old, and John Taylor, two experienced river men, were drowned while running timber in the Levisa fork last Friday. According to the account of the accident reaching here, Williams and Taylor were engaged in bringing a raft of oak timber out of the Levisa fork, and the raft went to pieces on a bar or underdrift, and the water being very swift and at high tide, the loose logs ran riot crashing against each other with sufficient force to grind a human body to pulp. In this maelstrom the men, though good swimmers, had no chance for their lives, and disappeared from sight, and a number of spectators were said to be on the shore unable to help them. Parties of searchers have been watching for the bodies and making diligent efforts to find them, but so far without avail, it is said.

The men had families and lived near the mills of the Nye Lumber Co., on Levisa Fork.

This information was obtained from several reliable sources, but it has been denied by several persons living on the Levisa fork, who say they know nothing of the alleged drowning.

PECK'S BAD BOY.

LOOK AT TONGUE! IF COATED, CLEAN LITTLE STOMACH, LIVER, BOWELS.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again.

Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle.

Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.
